Such devices must be of a description prescribed by the Secretary of State and of a type approved by him for the purpose of that section. By the Road Traffic Offenders (Prescribed Devices) Order 1993 (S.I. 1993/1698), the Secretary of State prescribed a device designed or adapted for recording a measurement of the speed of motor vehicles activated by means of a light beam or beams. This Approval approves from 1st April 2007, the Lastec Concept DVD system, manufactured by Laser Technology Inc of Colorado USA and Tele-Traffic (UK) Ltd, when used in conjunction with either the LTI.20.20 UltraLyte 100 speed measuring device or the LTI.20.20 TS/M "Speedscope" speed measuring device (both of which have previously received type approval by the Secretary of State) for the purpose of the detection of those speeding offences listed in section 20(2) (a), (b), (c) and (d) of the 1988 Act.
